Overall Length:

19.560 inches

Overall Height:

7.560 inches

Overall Width:

5.200 inches

Component Type And Quantity:

1 capacitor and 1 chassis and 1 diode and 1 transformer

Special Features:

Component quantity: 206; mounting method: bracket

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
