Overall Length:

6.840 inches

Overall Height:

0.512 inches

Overall Width:

2.300 inches

Component Type And Quantity:

4 diode and 2 spacer and 1 printed wiring board and 1 relay and 9 resistor

Special Features:

Componentquantity type 19; mounting method: connector, rack

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511I0
