Overall Length:

6.310 inches

Overall Height:

2.206 inches

Overall Width:

4.500 inches

Component Type And Quantity:

1 heatsink and 1 resistor and 1 transistor

Special Features:

Umajor components: jack tip 1, mounting kit 1, terminal board 1, terminal standoff 1; component quantity: 74; mounting method and configuration: holes for screws, two no.10-32 thread mounting holes on 1.188 inche mounting centers

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511I0
