Overall Length:

8.680 inches

Overall Height:

0.720 inches

Overall Width:

7.109 inches

Basic Shape Style:

Rectangular or square

Inclosure Type:

Partially enclosed

Circuit Construction Type:

Electron tube

Connection Type And Location:

Terminal lug rear and terminal stud rear

Fsc Application Data:

Indicator group, sonar

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23900
