**General Description:**

3.00 in. Lg; 0.780 in. Sq. W; aluminum, stainless steel, berylco - terminals; gold-plated terminals, conductive finish per mil-c-5541, class 3; housing type, flush-split lamp gnd; one mounting screw 2-56x5/16 in. Lg supplied; dielectric strength 1000 vrms; resistance 1000 megohms min. +500 vdc; oper temp m65 degrees to p85 degrees c

**Fsc Application Data:**

Panel, spectrum analyzer ts3985/uys- (v)

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli
