General Description:

Stainless steel cl316, cond a, astm a240, 0.375 thk; passivate per qq-p-35; protect 32 microinch surface with masking tape during shipment; 6.870 in. Lg, 3.680 in. W

Reference Number Differentiating Characteristics:

Magnetic permeability shall not exceed 2.0 after fabrication

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
