Joint Electronics Type Designation System Item Type Number:

An/ssq-53e

Electrical Power Source Relationship:

Self-contained

Design Type:

Directional

Unpackaged Unit Weight:

19.600 pounds

Special Features:

Sonobuoy has 99 selectable channels, w/helo compatible parachute and g-3 launch envelope. (8) hour operating life and operating depth of (90/400/1000 ft.) contains (1) 9 volt alkaline battery, cuscn seawater battery, and (1) compressed gas co2 bottle.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T212-b
