Frequency Rating:

32.7 kilohertz

End Application:

Interspiros aga mk-ii full face mask

Electrical Power Source Relationship:

Operating

Internal Battery Accommodation:

Included

Power Output:

2.0 watts

Special Features:

Single sideband diver communication system; max. Operating depth 1000 feet sea water; input power 12 volts; rechargeable nicad batteries; aluminum housing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T212-g
