Overall Length:

23.800 inches

Overall Diameter:

9.450 inches

Major Components:

Tube

End Application:

An/sq-48, vehicle, submersible mine locator, (mns)

Product Name:

Manifold tube

Special Features:

Drawing title name: housing, electronics; material aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T01200
