Current Type:

Dc

Product Name:

Pinger receiver location system

Special Features:

Frequency range: 5 to 80 khz; bandwidth 1 khz; sensitivi type 80db; hydrophone directivity typically 30 degrees at 3db limits; lcd display: frequency and low battery indication; led display: signal strength meter; power source: one alkaine "c" cell; battery life: 15 hours; hydrophone staff assembly material: pvc; staff length: 5ft (152cm); hydrophone cable length: 20ft (6m); operating depth: 660 ft. (200 m); weight (in air): 6.5 lbs (2.9 kg); weight (in water): 12 oz. (190 gr); housing material: corrosion resistant aluminum; housing material: corrosion resistant aluminum; housing dimensions: length 9.75 in. (24.8 cm), diameter 4.5 in. (11.4 cm)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T212-a
