Frequency Rating:

200.0 kilohertz

End Application:

Marine navigation

Unpackaged Unit Weight:

20.0 pounds

Product Name:

Tank mount 500w - 2kw

Special Features:

Beam width 8 degrees, rms power 500w, fom -16, series impedance 80-j (+), and the typical cable length is 10m (33') and up to 40m (130')

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T212-a
