Overall Height:

0.312 inches

Overall Diameter:

0.875 inches

Locking Device:

Not included

Special Features:

A 0.437 in. Diameter by 0.200 in. Deep counterbore

Material:

Brass

Surface Treatment:

Nickel

Supplementary Features:

Has one 0.365 in. Diameter maximum through hole

Surface Treatment:

Nickel

Fsc Application Data:

Visible and invisible light communications equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T358-a
