Product Name:

Imager assembly, optical, small, su-153/u

Special Features:

Parts list: housing assembly, image (1), lens no 1 small(1), focus cell assembly(1), barrel, expansion rod(2), rod, expansion(2), mirror, turning opt, small(1), aperture, lens no.1(1), pin(2), setscrew(2), primer(ar), silicone compound(ar), washer, split(3), screw, pan hd(3)washer, flat(3), pin(2), nut(2), primer, silicone compound(ar)

Special Markings:

Su-153/u, mfr date, s/n

Special Test Features:

Mark per mil-m-13231, method: rubber stamp, color: red, range 11105 to 11302 inclusive, using .06" high gothic characters per table ii group iii of mil-m-13231, color: black

Supplementary Features:

Pin diameter: 0.65" (p/n ms16562-191)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
