Overall Length:

4.060 inches

Overall Height:

2.441 inches

Overall Width:

1.260 inches

Functional Description:

Laser aiming device (dual wavelength laser) visible red beam and ir laser beam

General Description:

Power source: single aa battery; operating time 10hrs continuous.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23900
