Overall Length:

8.000 inches

Ac Voltage Rating:

12.5 volts

Frequency Rating:

54.0 hertz

Overall Diameter:

1.790 inches

End Application:

Missile, vehicle mounted stinger (avenger)

Joint Electronics Type Designation System Item Name:

Outline interface mx7051 cryogenic cooler

Electrical Power Source Relationship:

Operating

Internal Battery Accommodation:

Not included

Pressurization Connection:

Not included

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T213-e
