End Application:

Consolidated ground support equipment

Azimuth Adjustment Mechanism:

Not provided

Elevation Adjustment Mechanism:

Not provided

Instrument Light Accommodation:

Not provided

Product Name:

Plate assembly

Special Features:

Used to mount nvis goggles to pilots head gear, an/avs-9

Material:

Plastic and steel, corrosion resisting

Material:

Plastic and stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T271-n
