End Application:
Fire fighters
Component Document Origin:
Government
Document Source:
98752
Features Provided:
Fumigation
Criticality Code Justification:
Cbbl
Special Features:
A five pound thermal imaging camera with 1.5 hours operating time; liquid crystal display, 400 milliwatts power out
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A23800
