End Application:

Fire fighters

Component Document Origin:

Government

Document Source:

98752

Features Provided:

Fumigation

Criticality Code Justification:

Cbbl

Special Features:

A five pound thermal imaging camera with 1.5 hours operating time; liquid crystal display, 400 milliwatts power out

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
