Special Features:

Power supply for 110vac operation included

General Description:

Output power 0.9mw +/-5 percent; power stability +/-1 percent; wavelength 670nm +/-10nm; beam size 1.0mm by 1.5mm; polarization 50:1; beam divergence 1.25mrad full angle; centration 0.25mm; warmup time 5min. To rated stability; diameter 32mm; length 94mm; input voltage +7.5 to +9.5vdc; operating temp. +10 to +45deg. Celsius; safety classification cdrh 1040.10 class ii

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
