Overall Length:

13.880 inches

Overall Height:

4.320 inches

Overall Width:

15.802 inches

End Application:

Pacer special; pilot alert sys

Usage Design:

Designed to support the laser optical housing

Criticality Code Justification:

Feat

Special Features:

Hci & esd critical unit

Material:

Aluminum alloy, qq-a-250/11, alloy 6061, t6

Material:

Aluminum alloy 6061

Surface Treatment:

Paint

Surface Treatment:

Painted

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T08100
