Overall Length:

17.250 inches

Overall Height:

0.692 inches

Overall Width:

3.110 inches

Mounting Configuration:

Eleven 0.250 in. Diameter mtg holes irregularly spaced

Special Features:

Consists of: printed wiring board, capacitor, resistor, diode, transistor, jack tip, integrated circuit, wafer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A5110
