End Application:

An/alq-125

General Description:

Output current 1.0 ampere, transformer isolation voltage 50 volts, storage temperature range m60 degreee celcius to p130 degreee celcius, lead temperature 300 degreee celcius, junction temperature 150 degreee celcius, operating temperature range m55 to p100 degreee celcius, 0.800 in. Lg, 0.385 in. W, 0.275 in. H, plug in contact height 0.500 in. Lg

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
