**General Description:**

Tech char: 0.5 to 32 mhz high frequency range input: 20 to 500 mhz very high frequency range input; oper rower rqmts: 115 vac, 60 hz, single phase; 19 in. Lg, 18 in. W, 7 in. H; rack mounted; a triplexer and patch panel, provide outputs which can be connected (1n limited manner) to any of the inputs; provides accepting a number of communication antenna rf signal inputs from 5 khz to 500 mhz by means of hf and vhf multicouplers

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli
