**End Application:**

Gyrocompass 60hz, p/n 4800880-2

**Special Features:**

Stand alone system which interfaces to several types of analog & digital inputs & outputs; an onboard microcontroller controls the processing of these signals to provide conversion to user requested outputs

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A23800
