Usage Design:

Used to support a parabolic mirror

Attachment To Item Supported Method:

Two 0.070 in. Diameter holes, csk to a 0.096 in. Dia, no. 2-56 unc-2b thd

Supporting Object/surface Attachment Method:

One 0.252 in. Diameter hole, unthreaded

Material:

Aluminum alloy

Material:

Aluminum alloy

Surface Treatment:

Anodize

Surface Treatment:

Anodized

Fsc Application Data:

Miscellaneous communication equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T08100
