Overall Length:

3.800 inches

Overall Height:

1.470 inches

Overall Width:

2.400 inches

Component Type And Quantity:

4 diode and 3 spacer and 2 capacitor and 7 terminal and 2 resistor and 2 clip

Special Features:

Bracket and screw mtd; terminal board 1, terminal lug 2; six 0.166 in. Diameter mtg holes irregularly spaced; sweep generator, radar airborne exc. Fire control and guided missile

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511I0
