Overall Length:

5.375 inches

Overall Height:

0.891 inches

Overall Width:

4.625 inches

Component Type And Quantity:

1 panel and 1 frame and 1 eyelet and 2 spring and 2 jack

Special Features:

Mounting method: plug-in mtd; component configuration: 15; mounting configuration: mtd by standard 15 pin electrical plug; fsc application data: guided missile remote control system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
