Overall Length:

4.344 inches

Overall Height:

0.844 inches

Overall Width:

1.344 inches

End Application:

Radio and television communication equipment, airborne

Component Type And Quantity:

1 printed wiring board and 1 plate and 7 resistor and 1 capacitor and 1 diode

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
