Overall Length:

5.062 inches

Overall Height:

0.875 inches

Overall Width:

4.375 inches

Component Type And Quantity:

1 jack and 2 spring and 1 eyelet and 1 frame and 1 panel

Special Features:

Mounting method: plug-in mtd; component quantity: 12; mounting configuration: mts by std-15 pin plug; fsc application data: radar set, remote control systems, guided missile

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
