Overall Length:

14.375 inches

Overall Height:

0.420 inches

Overall Width:

4.844 inches

End Application:

Control-monitor subassembly radio, exc. Radio navigation nonairborne

Component Type And Quantity:

11 diode and 9 resistor

Special Features:

Stud insert mtg; ten 0.172 in. Diameter mtg holes spaced irregularly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A51110
