Overall Length:

2.125 inches

Overall Height:

1.031 inches

Overall Width:

1.312 inches

End Application:

Type no. T-368/urt

Component Type And Quantity:

1 capacitor and 1 coil and 1 shield

Special Features:

Bmounting method & configuration: bolt, 2 mounting studs no. 4-40 threaded, diagonally spaced on 0.718 inch by 1.000 inch centers;
usage design: second buffer and first multiplier stage circuit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A5110
