**Overall Length:**

2.125 inches

**Overall Height:**

1.031 inches

**Overall Width:**

1.312 inches

**End Application:**

Type no. T-368/urt

**Component Type And Quantity:**

1 capacitor and 1 coil and 1 shield

**Special Features:**

Bmounting method & configuration: bolt, 2 mounting studs no. 4-40 threaded, diagonally spaced on 0.718 inch by 1.000 inch centers;  
usage design: second buffer and first multiplier stage circuit

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A5110
