Overall Length:

2.125 inches

Overall Height:

0.438 inches

Overall Width:

2.000 inches

Electrical Power Source Relationship:

Operating

Internal Battery Accommodation:

Not included

Amplifier Channel Quantity:

1

Cubic Measure:

1.862 cubic inches

Supplementary Features:

10 in. Wire harness w/connector plug

Fsc Application Data:

Miscellaneous communications equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T213-a
