**End Application:**

Receiver-transmitter, radio navigation, airborne

**Special Features:**

Blower, centrifugal fan, radio frequency cable assembly, capacitor, chassisconnector, cover, filter, fuse, indicator, meter, resistor, resistor network, switchterminal, wiring harness; qty in total 283

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A51110
