Body Length:

15.000 inches

Body Width:

10.000 inches

Body Height:

3.750 inches

End Application:

Type no. An/trc-2

Mounting Configuration:

Mounted by 8 spring catch fasteners

Special Features:

W/neoprene gasket to provide waterproof seal

Special Markings:

Designation plate marked /panel cover/

Material:

Aluminum

Material:

Aluminum

Surface Treatment:

Paint

Fsc Application Data:

Transmitter-receiver, radio set

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T23700
