Body Length:

12.188 inches

Body Width:

7.688 inches

Body Height:

0.040 inches

End Application:

Type no, bc-653-a

Mounting Configuration:

Five 9/16 in. Diameter by 1/2 in. Lg thumb nuts irregularly spaced

Special Features:

Regularly spaced; includes two named plates for holding tuning charts mounted by four rivets

Material:

Steel

Material:

Steel

Surface Treatment:

Paint

Fsc Application Data:

Radio transmitter, except airborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T23700
