Overall Length:

3.578 inches

Overall Height:

0.250 inches

Overall Width:

0.625 inches

End Application:

Type no. Rt-348/arc-54

Component Type And Quantity:

7 capacitor and 1 choke and 4 diode and 5 resistor

Special Features:

Mtg configuration: four 0.094 in.Dia mounting holes irregularly spaced; mounting method: unthreaded holes; fsc application data: receiver-transmitter, radio, except navigation airborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A5110
