Overall Length:

5.500 inches

Overall Height:

2.125 inches

Overall Width:

4.000 inches

Component Type And Quantity:

1 printed wiring board and 1 connector and 1 capacitor and 1 diode and 1 resistor

Special Features:

Mounting method: screw; component quantity: 26; mounting configuration: mtd by four ext rlv screws 6-32 thd spaced 4.500 in. By 3.350 in.

C to c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:
