Overall Length:

4.500 inches

Overall Height:

1.750 inches

Overall Width:

2.375 inches

Component Type And Quantity:

6 capacitor and 1 crystal and 21 resistor and 1 board

Special Features:

Mounting method: fastener and terminal contact mounted; component quantity: 29

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A5110
