Overall Length:

4.500 inches

Overall Height:

1.750 inches

Overall Width:

2.375 inches

Component Type And Quantity:

7 capacitor and 1 coil and 23 resistor and 1 board and 1 transformer

Special Features:

Mounting method: fastener and terminal contact mounted; component quantity: 33

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A5110
