Overall Length:

1.687 inches

Overall Height:

0.537 inches

Overall Width:

1.375 inches

Component Type And Quantity:

4 post and 2 resistor and 10 terminal and 1 board and 4 diode

Special Features:

Mounting method: post mtd; component quantity: 21; mounting configuration: four no. 2-56 thd posts on 1.125 in.By 1.437 in.Mtg centers; fsc application data: radio set, radio navigation, airborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511I0
