Overall Length:

1.687 inches

Overall Height:

0.537 inches

Overall Width:

1.375 inches

Component Type And Quantity:

6 diode and 4 post and 3 resistor and 12 terminal and 1 board

Special Features:

Mounting method: post mtd; component quantity: 26; fsc application data: radio set, radio navigation, airborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
