Overall Length:

6.750 inches

Overall Height:

4.250 inches

Overall Width:

4.500 inches

Component Type And Quantity:

1 housing and 2 resistor and 1 switch

Special Features:

Mounting method: bolt; component quantity: 5; mounting configuration: four no. 10-24 tapped mtg holes on 1.986 in. Mtg centers; fsc application data: indication, range and azimuth radar equipment, except airborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511I0
