Overall Length:

1.094 inches

Overall Height:

0.750 inches

Overall Width:

0.750 inches

End Application:

An/upx-6

Special Features:

9bolt mtd; connector modified 1, contact crystal 1; used to provide coaxial connection if by pass capacitance and rectifying crystal holder in directional coupler; four 0.136 in. Diameter mtg holes spaced on 0.531 x 0.531 in. Mtg ctrs; combat information center

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A511I0
