**Overall Length:**

10.875 inches

**Overall Height:**

8.375 inches

**Overall Width:**

5.625 inches

**End Application:**

Radar set, radar search equipment, airborne

**Special Features:**

Brazing assembly 1; bushing, insulator 1; link 1; cord assembly, resistance 1; shock mtd; used as part of recvr-xmitter assembly

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A51110
