Overall Length:

10.875 inches

Overall Height:

8.375 inches

Overall Width:

5.625 inches

End Application:

Radar set, radar search equipment, airborne

Special Features:

Brazing assembly 1; bushing, insulator 1; link 1; cord assembly, resistance 1; shock mtd; used as part of recvr-xmitter assembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A5110
