**Ac Voltage Rating:**

Not rated

**Dc Voltage Rating:**

Not rated

**Operation Method:**

Mechanical

**Manual Actuation Type:**

Selector knob

**Position Type:**

Continuous

**Stop Rotation In Deg:**

360.000

**Special Features:**

Mounts by two no. 8-32 thd holes spaced 1.625 in. C to c and a single 0.161 in. Diameter hole located 2.635 in. From thd holes and 0.400 in. To left of line located midway between them

**Reference Number Differentiating Characteristics:**

Abhp

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

T213-f
