Body Width:

12.230 inches

Body Height:

3.000 inches

Mounting Configuration:

Flange mtg secured with coupling clamp

Special Markings:

Stenciled no step

Material:

Aluminum alloy

Material:

Aluminum alloy

Fsc Application Data:

1. Engine fuel system, aircraft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T23700
