**Overall Length:**

6.010 inches

**Overall Height:**

0.642 inches

**Overall Width:**

5.510 inches

**Component Type And Quantity:**

1 printed wiring board and 16 capacitor and 23 diode and 56 resistor and 11 transistor and 4 jack and 1 coil

**Special Features:**

Mounting configuration: plug-in mtd; component type and quantity: integrated circuit 4

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A51110
