**Overall Length:**

4.375 inches

**Overall Height:**

2.375 inches

**Overall Width:**

2.437 inches

**Component Type And Quantity:**

7 capacitor and 1 coil and 23 resistor and 1 board and 1 transformer

**Special Features:**

Mounting method: stud; component quantity: 33; mounting configuration: two stud type fasteners irregularly

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A51110
